

## **Editors**

### **EDITORIAL DIRECTOR**

Antonio J. Márquez  
Profesor Titular  
Plant Biochemistry and Mol. Biol. Dept.  
University of Seville, SPAIN  
cabeza@us.es

### **TECHNICAL EDITOR**

Megan McKenzie  
Science Writer  
Corvallis Oregon, USA  
megan@mckenzie.us.com

### **SECTION EDITORS**

#### ***Lotus japonicus*, a general introduction**

Jens Stougaard, University of Aarhus, DENMARK  
Antonio J Márquez, University of Seville, SPAIN

#### **Symbiotic processes**

Michael Udvardi, MPI of Molecular Plant Physiology, Golm, GERMANY  
Martin Parniske, University of Munich, GERMANY

#### **Cell and molecular biology protocols**

Herman Spaik, Leiden University, THE NETHERLANDS  
Martin Parniske, University of Munich, GERMANY

#### **Functional genomics**

Michael Udvardi, MPI of molecular Plant Physiology, Golm, GERMANY  
Gerhardt Saalbach, Risoe National Laboratory, DENMARK

**Mutants, gene-tagging, and genetic analysis**

Jens Stougaard, University of Aarhus, DENMARK  
Judith Webb, IGER, Aberystwyth, UNITED KINGDOM

**Transformation and reverse genetic analysis**

Maurizio Chiurazzi, Institute of Genetics and Biophysics, CNR, Naples, ITALY

**Primary and secondary metabolism**

Antonio J Márquez, University of Seville, SPAIN  
Judith Webb, IGER, Aberystwyth, UNITED KINGDOM

***Lotus japonicus* literature**

Antonio J Márquez and Marco Betti, University of Seville, SPAIN
